The purpose, legal basis and data sources of personal data processing

Personal information is used to organize the "Spencer Tunick – Kuopio 2023" installation. Information stored in the register is used e.g. in the following tasks related to the organization of the installation:

- design and implementation of the installation taking gender distribution into account
- instructions, additional information and installation-related e-mail notification to those participating in the installation
- verifying the presence of registrants on the day of the event
- mailing a print to those who participated in the installation
- collecting and report anonymous statistical data generated from registered users (number of registered users, age, gender, location).

The legal basis for the processing is the applicant's voluntary, ascertained, informed and unambiguous expression of consent with which they approve of the processing of their data.

The source of information is the information provided by the participant on the electronic registration form.

The register's data content

The registration information entered by the registrant him/her/themself for the event contains the following information:

- email address
- the person's first and last name
- address (street address, postal code, city, country)

- gender
- age

Register users

Personal data is processed only by designated persons employed by the Victor Barsokevitsch -Seura ry who need information for tasks related to the implementation of the installation. The right of use is limited to either only viewing or updating the data to the extent that each person's work tasks require. The persons maintaining the register have a duty of confidentiality

Recipients of personal data and principles of registry protection

The data is collected using a Google Forms form which is technically stored behind a password protection, which can only be accessed by users who process personal data. The information is stored and protected in such a way that outsiders cannot see it and in such a way that it cannot be accidentally or illegally destroyed, changed, handed over, transferred or otherwise illegally processed.

Releasing data

Personal data may be transferred via an electronic user-connection and processed by members of the international artistic crew related to the implementation of the installation outside the Victor Barsokevitsch-Seura ry, incl. Spencer Tunick outside the European Union in the United States.

Data subject rights

Every person in the register has a right

- check their data stored in the register,
- demand the correction of possible incorrect information or the completion of incomplete information,
- prohibit the use of information about him/her/them and demand that the information be deleted.

In addition, the registered person has the right to request the restriction of the processing of information concerning him/her/himself, to object to the processing of information concerning him/her/himself, and the right to transfer the information concerning himself/herself from one system to another.

If a person wants to check the information stored about him/her/them, demand correction or deletion, the request must be sent in writing to the controller. The keeper of the register may, if necessary, ask the applicant to prove his identity. The registrar responds to the customer within the stipulated time, i.e., as a rule, within a month. The registered person has the right to file a complaint about the processing of personal data to the supervisory authorities, if he considers that the personal data has been processed incorrectly.

Data storage period

Personal data will be stored as long as necessary to enable registration by the data subject and the event related to it, as well as to enable follow-up actions related to the event, such as posting photos. After completing the tasks related to the installation, all electronic documents containing personal data related to the event will be destroyed, with the exception of photographs and related information.
